TILE COLLECTION  
**CLAY TILES**  
**SPEC GUIDE**

[LOHASAU.COM](http://LOHASAU.COM)

The background of the page is a photograph of a curved ceiling. The ceiling is composed of light-colored, curved ceramic tiles arranged in a semi-circular pattern. Dark wooden beams run across the ceiling, supporting the structure. A small, round, recessed light fixture is visible on the left side of the ceiling. The overall aesthetic is warm and traditional, with a focus on the curved architectural element.

## **CURVED CEILING**

We regain tradition and a mediterranean style.

The architectural and decorative possibilities of our mallorcan curved ceramic ceiling.

As a decorative element, it combines and improves any surroundings, whether it's modern or rustic.

A warm, traditional and distinguished environment with mallorcan curved ceramic ceiling.

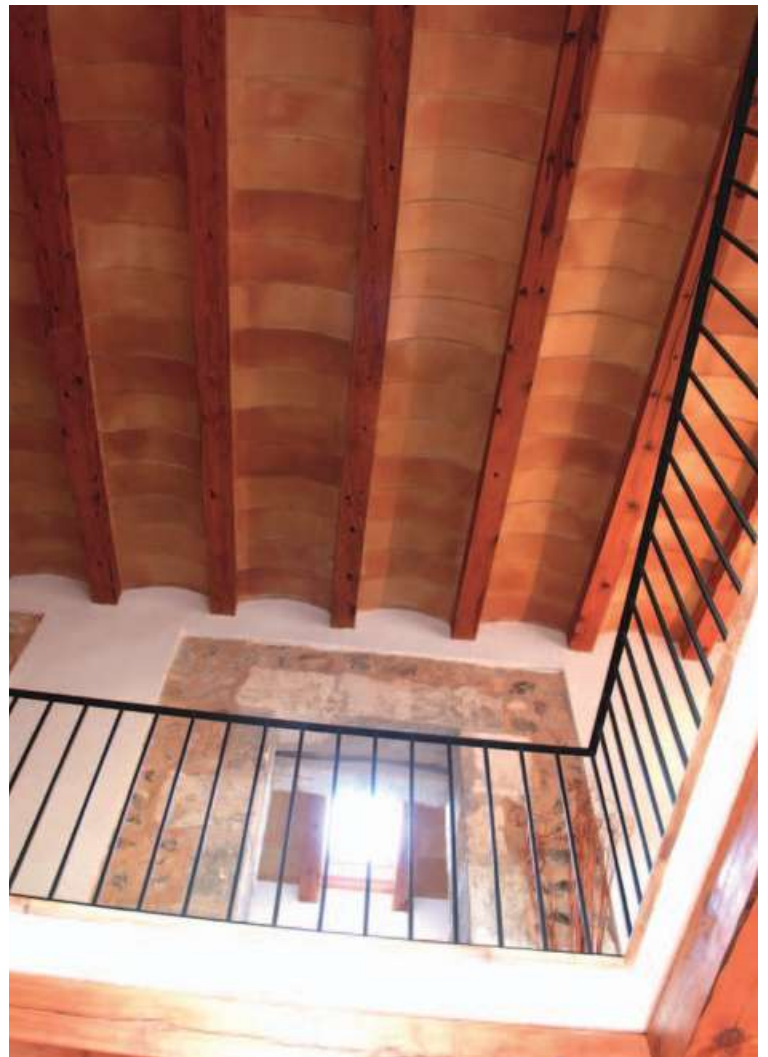

Shop with curved ceiling

## ADAPTATION

## STEPS AND STAIRS TILES

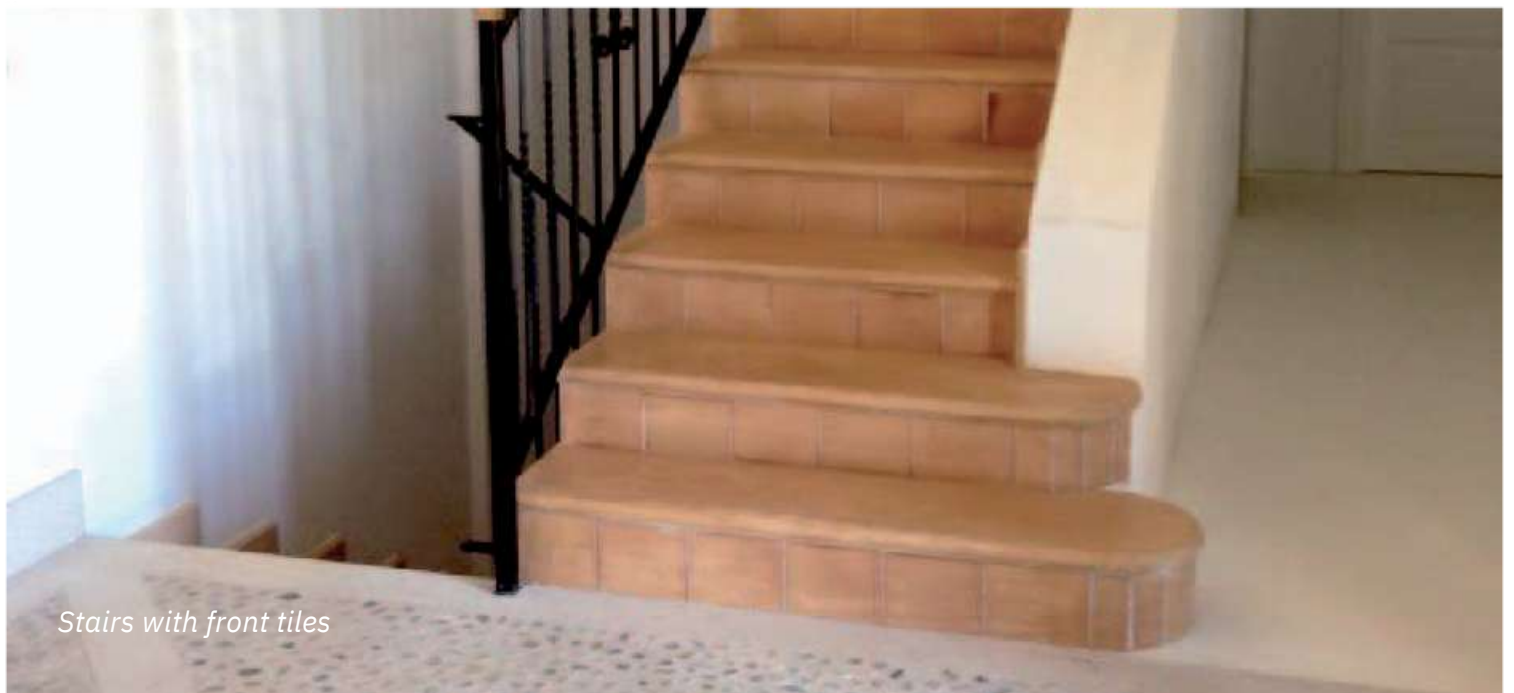

- With the step of clay, stairs will have a traditional style, getting the perfect finishing, both indoors and outdoors. We have a wide variety of sizes and finishings.
- The stair tiles can be used for windows, edges of swimming pool, terraces, covering walls, etc. We have two models of stair tile: Fiola “Vierteaguas”,  
with  
large raindrop in the frontal part, and Fiola “Tapa-muros”, broader than the previous one, and with double large raindrop.
