BRICK COLLECTION

## AGORA RANGE SPEC GUIDE

LOHASAU.COM

Low porosity

Hand-moulded stone

Pure clay

Finely sanded surface

## The architectural power of sobriety

-

Agora facing brick stands as the sensible choice, embodying enduring simplicity and value. Its timeless hand-moulded design has proven its worth over the years. A silent yet powerful force, it subtly accentuates the architectural design of your building. The matte finish not only absorbs less water but also makes it less susceptible to dirt, ensuring easy maintenance and long-lasting elegance.

## Pure clay for white and gray stones

Choose from 5 smooth and 2 softly nuanced white and grey tones, a result of a baking process with pure clay. Bricks like Agaatgrijs, Zilvergrijs, Titaangrijs, and Nevelwit have undergone the braising oven process. Combine these colour shades to create a modern facade with a timeless appearance.

## Multi-purpose

The Agora bricks are versatile, suitable for traditional bricklaying, thin bricklaying, and bonding methods. The Agora range offers 4 formats, including Eco brick, which is up to 3.5 cm slimmer than the average facing brick, providing increased insulation and living space along the entire perimeter of the house. Additionally, Agora stones are available as brick slips, offering further flexibility in design options.

# Agora: Range Overview

**Agora Super white**  
WF ± 215x102x50 mm  
WDF ± 215x102x65 mm  
Eco WF ± 210x65x50 mm

Porosity: ≤ 12%  
IW2 - low absorbent

**Agora Ivory White**  
WF ± 215x102x50 mm  
WDF ± 215x102x65 mm  
Eco WF ± 210x65x50 mm

Porosity: ≤ 8%  
IW2 - low suction

**Agora Nevel White**  
WF ± 215x102x50 mm  
Eco WF ± 210x65x50 mm

Porosity: ≤ 12%  
IW2 - low suction

**Agora Silver Grey**  
WF ± 215x102x50 mm  
WDF ± 215x102x65 mm  
Eco-brick WF ± 210x65x50  
Eco WF ± 210x65x50 mm

Porosity: ≤ 8%  
IW2 - low suction: ≤ 8%

Agora Graphite Black  
WF ± 215x102x50 mm  
WDF ± 215x102x65 mm  
Eco-brick WF ± 210x65x50 mm

Porosity: ≤ 9%  
IW3 - normal suction

Agora Wine Red  
WDF ± 215x102x65 mm

Porosity: ≤ 10%  
IW2 - low suction

Agora Agate Grey  
WF ± 215x102x50 mm  
WDF ± 215x102x65 mm
