Soft, nuanced colours

Caled

Slim size

Slightly rough texture

Pure color

Nubilum, natural elegance

-

The Nubilum collection exudes elegance and tranquility, evident in its limed facing bricks with soft, nuanced colours. The refined palette, ranging from white and greige to anthracite grey, coupled with a slightly rough texture, allows for beautiful combinations with various materials. Additionally, this series offers two new bricks with a unique Wasserstrich texture: one with a sun-washed white hue on a cream base and another with misty white tones on a warm, bright grey base. These options enhance natural light and are perfect for creating a serene atmosphere in architectural designs.

Exclusively in the slim Eco-brick format

Nubilum stands as an excellent choice in terms of sustainability. These facing bricks are exclusively available in the slimmer Eco-brick format, providing up to 3.5 cm of additional space for insulation. This allows for denser insulation and the creation of more living space, making them highly suitable for renovation projects.

Nubilum: Range Overview

Nubilum Clarus Greige *
Eco-brick WF ± 215 x 65 x 50 mm
Eco-brick WDF ± 215 x 65 x 65 mm

Porosity: ≤ 17%
